Re: Beaver Installations

Date: Apr/14/2015

To whom it may concern;

I would like to write to Avaton to show our appreciation for the work done at our offices. We were in need of a technology upgrade of our boardroom and office areas.

We originally wanted a simple projector for our boardroom but we went with a fully automated boardroom instead. The simplicity of it is why we decided to go with it. At the touch of a button, the lights dim, the projector screen opens, the projector turns on and is immediately ready to use.

We are extremely happy with the simplicity of it that all of our staff can easily operate it. We also decided to add TV displays throughout our office to display statistics data to our staff.

The final result was better than we expected and have recommended them to our partners, suppliers and vendors. Some of our staff also used their residential services.

Should you have any question, you can contact me at 416-633-0050.

Regards

Hamid Zeighami
